

Newsletter September 2006

September Meeting on the 21st

The September meeting will be held on Thursday, September 21st at 8:00 PM. Come with your latest fish stories (true and otherwise).

There will be significant club business at this meeting. We will discuss the updated Constitution and proposed building improvements.

Updated Constitution and By laws

An updated version of the club Constitution and by laws have been drafted by a committee of the board. The whole board will have a final review of the proposals in the board meeting on September 13. The proposed Constitution is attached to this newsletter.

At the September club meeting we will discuss the changes.

This is an important topic and we need the participation of all members.

Club House Improvements

Dick Marashlian and Bob Proctor have put together a proposal for repair and partial replacement of the building siding. Dick, Bob and Ray Capobianco spent a lot of time and effort to find a solution

for the deteriorated condition of the siding and deserve our appreciation. After review by the board of directors the proposal will be discussed at the September meeting.

Fall Opening Day

Opening day will be October 14th. The pond will be stocked the week before. The usual excellent breakfast will be served before the opening bell at 7:00 AM. Come and share your incredible fish stories from the summer. Spring opening day was very successful. It will be great to see the same high level of participation in the Fall.

With the holdovers that are already there, the Fall fishing should be very good. I hate to say it, but Winter is coming, so come out and enjoy some Fall fishing while it lasts!

We will need volunteers to work on the breakfast (purchasing and preparing). Please Signup at the September meeting

Reposted Sign

The sign at the entrance of the property has been erected on a sturdy post. This means no more excuses from “visitors” that they didn’t know the pond was for

members only. I don’t have the name(s) of the member(s) who did this, but thank you whoever you are.

Events Committee Needs Help

We need volunteers to do event planning for the club. This involves planning for the monthly meeting and for events such as opening day. We need people who can set up events such as presentations at monthly meetings.

If you can help please volunteer at the September meeting. We need your help to make this work.

Visit the Website (www.troutpond.com)

The website has public and members-only pages. You can register for the members-

only forums and keep up with everyone between meetings.

Something good was cooking at the club on June 15th

June Meeting

The June meeting was a cookout. We had hamburgers, hot dogs and some excellent sausages with peppers and onions. Thanks to the members who bought the food and cooked - it was great!

A few trout were caught during the cookout, but they didn't end up on the grill. No one was interested in blackend sunfish on the grill, but there were certainly plenty of them available, if anyone cared to try it.

Fishing Report

In addition to a bumper crop of tadpoles and sunfish, trout have been spotted in the pond. So, we have a few holdovers.

Remember fishing closes after the stocking during the week of October 8. Check the website for the exact date.

These fish saw a lot of flies last Spring, but they've seen little fishing pressure this Summer, so they are ready for you.

Keep Us in the Loop

When you move or change email addresses please update the club list so that we can get information to you.
