### September Meeting on the 16<sup>th</sup>

The September meeting will be Thursday, September 16<sup>th</sup> at 7:30.

up on how the fishing has been for the other members.

We'll discuss plans for the fall opening day. This will be a good chance to catch

## Fall Opening Day October 9th

The fall opening day at the club pond will be Saturday, October 9<sup>th</sup>. We will have the traditional hearty breakfast featuring pancakes, scrambled eggs, bacon, sausage, ham, potatoes and all the coffee you need to stay alert to set the hook on a feisty, fresh trout. Your doctor may not approve of the meal, but come on, a couple of times a year won't kill you... For many members the breakfast is the highlight and the fishing is an added attraction.

Breakfast is served starting at 6:00 and the opening bell for fishing is at 7:00.

The pond will be stocked during the week of October 4<sup>th</sup>. There is no fishing after the stocking - look for the signs posted.

We need volunteers to help with preparation, cooking and cleanup of breakfast. We'll make detailed plans at the September meeting.

## Cleanup Day October 2nd

The club property could use some sprucing up before opening day. While the grass has been cut over the summer, we have brush and overgrowth that needs to be cleared to open up the path around

the pond. We could use some weed wackers and similar tools to clear this up. We'll meet at 7:30 AM at the pond on Saturday morning.

## Property News

The property has looked great this summer. Several people including Paul McKechnie and Richard Marshlian have

been cutting grass on a regular basis. Thanks for the good work!

## June Meeting

The June meeting was a cookout for members and their families. The food was great and the weather was pretty

good. The kids had a great time catching fish (including a few trout!).

## Fishing Report

I have no recent information about fishing in the club pond. But, if any trout survived this long hot summer, they

should be hungry and available as the water cools off.
